

DR KIM'S PRAYER FOR BABIES LEAVING EASTERN

As published in ESWS newsletter:

*Dr Kim's Prayer for Babies Leaving for a New Family

*Precious lives, our angels, We send away these lives to foreign countries, with scarred memories of their homeland. Please forgive our sins and allow Korea to be a better country, so that we will be adopting children from other countries, instead of us always sending ours away. We send them for care. So please protect these lives and help them lead a happy life in their new homes.

Always provide them with grace and intelligence, lead them to live by the rules of Jesus Christ, to have all the luck, to help benefit others, and to return the glory to our Lord.

It is our sincere wish that these lives will not forget their home country and the love of the people who took care of them.

Father, please remember the foster families who worked hard whether it is favorable or unfavorable conditions to protect these lives,

And give them blessings for the benefits they provided with.

By your blessings, these adoptive families will be full of love and be under your protection,

Now the children are leaving; Please make their way as easy as possible, lead them to the most pleasant life

In the name of Jesus Christ,
Amen,

* This is a prayer, Dr. Kim Duk Whang reads to every baby before he/she departs from Korea
